FOREIGN SCHOLARSHIPS.

I. The scholarships will be known as the Mysore Government Foreign Scholarships and will be granted from the following sources:—

1. Two known as Damodar Das Scholarships from four-fifths of the annual proceeds of the Damodar Das Charities Fund;

2. Two known as Mysore Government Scholarships from the general revenues of the State;

3. Five known as Mysore Government Loan Scholarships from loans granted from the general revenues of the State.

II. The scholarships will be given for study in the countries of Europe and America, or in Japan and other Eastern countries; in the latter case two scholarships will be awarded in lieu of every one scholarship tenable in Europe and America.

III. The scholarships will ordinarily be tenable for two years, but Government will be prepared to extend the term by one year in the case of half the number of scholarships, where such extension is necessary.

IV. (*i*) The four free-scholarships will be utilised as follows:—

(*a*) One to a candidate recommended by the Mysore University Council with a view to encourage brilliant graduates to undergo higher courses of study in Foreign Countries or to provide suitable recruits to the higher appointments in the University.

(*b*) Two will be awarded on the recommendation of Committees specially appointed from time to time and for the study of subjects which will be notified by Government.

(*c*) One will be awarded to a suitable candidate from the educationally backward classes.

(ii) The five loan scholarships will be awarded for promoting higher scientific study and research and for the encouragement of technical, industrial and commercial education and for training in European countries young men who are desirous of following industrial and commercial occupations which will conduce to the development of the country.

V. Candidates for the scholarships must not ordinarily be over 25 years of age. It will, however, be open to Government to relax the age limit in special cases, such as in the case of candidates who have specially distinguished themselves in their University career or who show very marked aptitude for the higher branches of scientific and technical study, and in the case of candidates who have been engaged in industries or commerce and who desire to pursue industrial or commercial training in foreign countries.

VI. The scholarships will be open to all natives of Mysore by birth or domicile. When well qualified candidates who are natives of Mysore are not available, the scholarships will be open to others who have graduated from a Mysore College. The subject of advanced study proposed should have an intimate connection with the course of study the candidate has already pursued.

The selection of candidates will ordinarily be made by Government on the report of a Committee appointed to report on the merits of the candidate. (*b*) The candidates shall be required by the Committee to give evidence of their fitness for practical work in any manner that the Committee may think desirable and to undergo any test which the Committee shall prescribe under the general or special orders of Government. In special cases the candidate may be required to undergo a period of probation and preliminary training in India. During such period he shall receive such subsistence and tuition allowances as Government may prescribe.

IX. Candidates for scholarships in Europe and America shall be expected to acquire a working knowledge of German or French and scholars going to the far East a knowledge of Japanese, during the period of probation, if facilites for such study can be secured.

X. The scholarships for study in Europe and America will be of the value of £250 per annum and those for study in the East of the value of Rs. 1,500 or £100 per annum.

The scholarship will be paid in advance quarterly or in such other instalments as may be considered necessary by the Inspector-General of Education. The scholarship will be held to cover all college and examination fees, cost of books, instruments and boarding charges.

An advance not exceeding £25 in the case of scholars proceeding to Europe and America and not exceeding £15 in the case of scholars proceeding to the East, will be given for expenses of outfit when the scholar leaves Bangalore, and this will be recovered out of the scholarship in easy instalments spread over the whole term of the scholarship.

Besides the scholarship, each scholar will be given travelling allowance, *i.e.*, 2nd class rail and steamer fares from Bangalore to the capital or other town of the country selected for his training and a similar allowance for his journey back to Bangalore on the completion of his course of study or research.
